

Post-Construction Cleaning Post-Construction Cleaning

Construction work can be exciting and rewarding. It can also be a lot of grueling work. If you've recently completed construction work on your property, you may have some intimidating cleaning tasks in front of you. Construction can be extremely messy. It can turn your residence into a disaster area seemingly overnight, too. That's a lot to swallow. We have great news, however. Dust Busters LLC is a family-run Somerset County, New Jersey cleaning firm that wants to take care of all of your post-construction cleaning needs.

Service Specifications

Dust Busters LLC offers a comprehensive post-construction cleaning service that ensures your property is spotless and ready for occupancy. Below are our detailed service offerings:

1. **Thoroughly Broom-Sweep Home:** Cleaning all stud bays, floors, garage, basement, unfinished storage, and mechanical rooms.
2. **Large Construction Debris Removal:** We remove large construction debris and deposit it in a dumpster.
3. **Pre-Flooring Preparation:**
 - Scrape and fine broom sweep all floors that will receive carpet and/or hardwood, including the basement if it is being finished.
 - Clean all tubs, shower pans, and plumbing fixtures.
 - Clean all tile and remove all grout film.
 - Clean all cabinetry inside and out, including tops and sides of wall cabinets and toe kicks of base cabinets.
 - Clean all windows inside and out.
4. **Rough, Pre-Finish Cleaning:**
 - Clean all windows, door frames, doors, trims, tracks, and interior glass, removing paint and spackle.
 - Remove all shipping paper, tape, and cardboard from appliances, then clean appliances inside and out.
 - Clean all tubs, shower pans, and plumbing fixtures.
 - Clean all wall tiles of grout film.
 - Clean all cabinets in kitchens, baths, and laundry rooms (inside and out).
 - Remove protective plastic from door latches and strike plates.
 - Clean all shelves and mirrors, and remove labels.
 - Clean all showers, including shower doors. Glass identification and care stickers are left on shower doors.
 - Ensure all surfaces are free of grout film.
 - Clean all light fixtures and bulbs.
 - Vacuum all carpet floors, stairways, and landings.
 - Vacuum and mop all tile, vinyl, and marble floors.
 - Clean hardwood floors per the manufacturer's instructions.

- Place all product warranty cards and operation information in a kitchen cabinet or give them to a supervisor.
- Leave energy rating stickers on all appliances, including laundry, furnace, water heater, and air conditioning units.
- Ensure tubs and shower drains are cleaned.
- Clean all bathroom paper holders, soap dishes, and towel bars.
- Clean all electrical plates.
- Remove all flooring and countertop protection and place them in a dumpster.
- Clean all door thresholds with steel wool.
